

North Charleston Terminal

AGS Deployment Date:

The AGS deployment at NCT has been delayed until further notice. We continue to refine the hardware/software systems and want to ensure that the AGS is in its most productive state when it goes live at NCT. (We will publish a deployment date as soon as it is known.)

Wando Welch Terminal

Reminder - Outbound Lane Expansion:

Two new standalone kiosks are operational at the outbound complex. (All mission types can be processed at these lanes.)
