

Truckers Guide

for Columbus Street Terminal Container Operations

1.

After passing thru the Security Entrance Gate, proceed to Building 115 and proceed to the Interchange Office.
2.

A Gate Clerk will ask basic questions about the mission. (If the required information is not available, please contact Motor Carrier Dispatcher to correct or provide EIR information.)

Only have one visible company logo affixed to your vehicle. This logo must correspond to the mission that you are attempting. (If the truck is rented, the driver will be required to provide documentation that the shows the company it is rented to and it must also match the mission that you are attempting.)
3.

If a load is being picked up, a **Routing Slip** will be issued that explains the tasks for the mission. (If an empty is being dropped off, the container will need to be inspected at the Mechanical Inspection [bldg. 165] area first – then a **Routing Slip** will be issued.)

Sample Routing Slip

Section: D
Row: E
Slot: 020

ICON MEANINGS

	Direction of Movement
	Container Stack with Location
	Wheeled Row with Location
	Bare Chassis
	Married Container & Chassis
	Leave Terminal After Gate Out
	Follow Given Instructions

4.

Complete tasks on the **Routing Slip**. (If a load is being picked up, proceed to the Mechanical Inspection Area. If an empty is being dropped off, proceed to the Interchange Office.)

5.

Present the **Routing Slip** to the Clerk in the Interchange Office.

6.

The Clerk will generate a **Carrier Interchange** for the mission.

7.

When exiting the terminal, present your **Carrier Interchange** at the Guard Gate.

SAFETY VESTS ARE REQUIRED
PLEASE REMAIN IN OR AROUND YOUR VEHICLE AT ALL TIMES
PASSENGERS ARE NOT PERMITTED ON TERMINAL
